PLAN FEATURES	**Outside the U.S.**	**Preferred Benefits (In-Network)**	**Non-Preferred Benefits (Out-of-Network)**
Individual Deductible	$0 per calendar year	$4,000 per calendar year	$8,000 per calendar year
Family Deductible	$0 per calendar year	$8,000 per calendar year	$16,000 per calendar year
This is an Embedded style deductible. You pay for covered services each year before the plan begins to pay. After the amount paid for covered services reaches this family deductible, this plan starts to pay for covered services for the rest of the year. To satisfy this family deductible for the rest of the year, the combined covered services that you and each of your covered dependents incur toward the individual deductible must reach this family deductible in a year. When this happens in a year, the individual deductibles for you and your covered dependents are met for the rest of the year.			
Prior Plan Credit	Current Calendar Year

Medical Plan Caveats

This plan includes coverage for women's preventive and other preventive health benefits to the extent required under the Affordable care act beginning with plan years starting on or after August 1, 2012. For plan years effective on or after January 1, 2017, this plan also includes coverage for benefits in accordance with the nondiscrimination provisions under Section 1557 of the Affordable Care Act.

Payment limits apply per individual on a calendar year basis. Only those out-of-pocket expenses resulting from the application of a payment percentage, deductibles and copays may be used to satisfy the payment limit. Precertificationpenalty are excluded from the payment limit.

There is cross-application between calendar year deductible, out of pocket maximum and lifetime maximum across overseas, in-network and out-of-network level of benefits.

Coverage maximums up to a certain number of days/visits per calendar year are reached by combining the Preferred and Non-Preferred benefits up to the limit for either one plan or the other, but not both. (Example, if the Preferred benefit is for 120 days and theNon-Preferred benefit is for 120 days, the maximum benefit is 120 days, not 240 days).

In-Network - deductible and coinsurance may apply to pap smears, DRE tests and PSA tests if billed by an independent laboratory provider.

Maternity expenses are covered as any other medical expense. Coverage is provided for an employee and eligible dependents. Pregnancy benefits do not continue to be payable after coverage ends except in the event of total disability.

For contracted hospitals, the non-contracted Radiologist, Anesthesiologist and Pathologist (RAPS) are paid at the preferred level and will be subject to reasonable and customary charges. Note that this payment method may apply to other providers.

Benefit maximums per Calendar year are calculated between 01/01/2027 and 12/31/2027.

Copayments and coinsurance for chiropractic visits are capped at 25% of the amount due to the chiropractor.

**Payment for Non-Preferred Providers*
We cover the cost of care differently based on whether health care providers, such as doctors and hospitals, are "in network" or "out of network." We want to help you understand how much Aetna pays for your out-of-network care. At the same time, we want to make it clear how much more you will need to pay for this out-of-network care.

As an example, you may choose a doctor in our network. You may choose to visit an out-of-network doctor. If you choose a doctor who is out of network, your Aetna health plan may pay some of that doctor's bill. Most of the time, you will pay a lot more money out of your own pocket if you choose to use an out-of-network doctor or hospital.

When you choose out-of-network care, Aetna limits the amount it will pay. This limit is called the "recognized" or "allowed" amount. When you choose out-of-network care, Aetna "recognizes" an amount based on what Medicare pays for these services. The government sets the Medicare rate. Exactly how much Aetna "recognizes" depends on the plan you or your employer picks.

Your out-of-network doctor sets the rate to charge you. It may be higher -- sometimes much higher -- than what your Aetna plan "recognizes" or "allows." Your doctor may bill you for the dollar amount that Aetna doesn't recognize. You must also pay any copayments, coinsurance and deductibles under your plan. No dollar amount above the recognized charge counts toward your deductible or maximum out-of-pocket. To learn more about how we pay out-of-network benefits visit Aetna.com. Type "how Aetna pays" in the search box.

You can avoid these extra costs by getting your care from Aetna's broad network of health care providers. Go to ***www.aetna.com*** *and click on "Find a Doctor" on the left side of the page. If you are already a member, sign on to your Aetna Navigator member site.*
This way of paying out-of-network doctors and hospitals applies when you choose to get care out of network. When you have no choice (for example: emergency room visit after a car accident), we will pay the bill as if you got care in network. You pay your plan's copayments, coinsurance and deductibles for your in-network level of benefits. Contact Aetna if your provider asks you to pay more. You are not responsible for any outstanding balance billed by your providers for emergency services beyond your copayments, coinsurance and deductibles.
