GENERAL PROVISIONS

Dependents Eligibility

Spouse, children from birth to age 26 regardless of student status.

**We cover the cost of services based on whether doctors are "in network" or "out of network." We want to help you understand how much we pay for your out-of-network care. At the same time, we want to make it clear how much more you will need to pay for this "out-of-network" care.

You may choose a provider (doctor or hospital) in our network. You may choose to visit an out-of-network provider. If you choose a doctor who is out of network, your health plan may pay some of that doctor's bill. Most of the time, you will pay a lot more money out of your own pocket if you choose to use an out-of-network doctor or hospital.

When you choose out-of-network care, we limit the amount it will pay. This limit is called the "recognized" or "allowed" amount.

PLAN DESIGN & BENEFITS MEDICAL PLAN PROVIDED BY AETNA LIFE INSURANCE COMPANY

- For doctors and other professionals the amount is based on what Medicare pays for these services. The government sets the Medicare rate. Exactly how much we "recognize" depends on the plan you or your employer picks.
- For hospitals and other facilities, the amount is based on what Medicare pays for these services. The government sets the Medicare rate. Exactly how much we "recognize" depends on the plan you or your employer picks.

Your doctor sets his or her own rate to charge you. It may be higher -- sometimes much higher -- than what your plan "recognizes." Your doctor may bill you for the dollar amount that we don't "recognize." You must also pay any copayments, coinsurance and deductibles under your plan. No dollar amount above the "recognized charge" counts toward your deductible or out-of-pocket maximums. To learn more about how we pay out-of-network benefits visit our website.

You can avoid these extra costs by getting your care from Aetna's broad network of health care providers. Go to www.aetna.com and click on "Find a Doctor" on the left side of the page. If you are already a member, sign on to your Navigator member site.

This applies when you choose to get care out of network. When you have no choice (for example: emergency room visit after a car accident, or for other emergency services), we will pay the bill as if you got care in network. You pay cost sharing and deductibles for your in-network level of benefits. Contact us if your provider asks you to pay more. You are not responsible for any outstanding balance billed by your providers for emergency services beyond your cost sharing and deductibles.

This way of paying out-of-network doctors and hospitals applies when you choose to get care out of network. When you have no choice (for example: emergency room visit after a car accident), we will pay the bill as if you got care in network. You pay your plan's copayments, coinsurance and deductibles for your in-network level of benefits. Contact us if your provider asks you to pay more. You are not responsible for any outstanding balance billed by your providers for emergency services beyond your copayments, coinsurance and deductibles.

Plans are provided by: Aetna Life Insurance Company. While this material is believed to be accurate as of the production date, it is subject to change.

Health benefits and health insurance plans contain exclusions and limitations. Not all health services are covered.

See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. You may be responsible for the health care provider's full charges for any non-covered services, including circumstances where you have exceeded a benefit limit contained in the plan. Providers are independent contractors and are not our agents. Provider participation may change without notice. We do not provide care or guarantee access to health services.

The following is a list of services and supplies that are generally *not covered*. However, your plan documents may contain exceptions to this list based on state mandates or the plan design or rider(s) purchased by your employer.

Aetna receives rebates from drug manufacturers that may be taken into account in determining Aetna's Preferred Drug List. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Aetna Rx Home Delivery refers to Aetna Rx Home Delivery, LLC, a licensed pharmacy subsidiary of Aetna Inc., that operates through mail order. The charges that Aetna negotiates with Aetna Rx Home Delivery may be higher than the cost they pay for the drugs and the cost of the mail order pharmacy services they provide. For these purposes, the pharmacy's cost of purchasing drugs takes into account discounts, credits and other amounts that they may receive from wholesalers, manufacturers, suppliers and distributors.

In case of emergency, call 911 or your local emergency hotline, or go directly to an emergency care facility.
