Footnotes

"AD" indicates after deductible and "DW" indicates deductible waived. All services are subject to the deductible unless noted otherwise.

Some benefits are subject to age and frequency schedules, limitations or visit maximums. Members or Providers may be required to precertify or obtain approval for certain services. Deductibles, copays and coinsurance apply to the out-of-pocket limit (OOP). After the out-of-pocket limit is met, members continue to be responsible for any applicable premiums, penalties for failure to precertify (where applicable) and services not covered by Aetna. This illustration shows in-network benefits only for all products. Your plan may have out-of-network coverage as well, please consult the Summary of Benefits and Coverage (SBC) for additional information.

Note: Please visit <https://www.aetna.com/sbcsearch/home> to access specific Summary of Benefits and Coverage (SBC) documents. For more information, please contact your licensed agent or Aetna Sales Representative.

- Walk-in clinics** - Walk-in clinics are freestanding health care facilities that (a) may be located in or with a pharmacy, drug store, supermarket or other retail store; and (b) provide limited medical care and services on a scheduled or unscheduled basis. Urgent care centers, emergency rooms, the outpatient department of a hospital, ambulatory surgical centers, and physician offices are not considered to be walk-in clinics.
- * Pharmacy** - The drug formulary includes precertification, step therapy and quantity limits. Choose Generic: For PPO based plans the cost difference penalty for choose generics does not apply to the members accumulators. For HMO based plans the cost difference penalty does apply to the members accumulators. For specific details, consult the Summary of Benefits and Coverage (SBC).
- ** Embedded** - No one family member may contribute more than the individual deductible/out-of-pocket limit amount to the family deductible/out-of-pocket limit. Once the family deductible/out-of-pocket limit is met, all family members will be considered as having met their deductible/out-of-pocket limit for the remainder of the year.
- † TIF (Non-Embedded)** - The individual deductible/out-of-pocket limit can only be met when a member is enrolled for self only coverage with no dependent coverage. The family deductible/out-of-pocket limit can be met by a combination of family members or by any single individual within the family. Once the family deductible/out-of-pocket limit is met, all family members will be considered as having met their deductible/out-of-pocket limit for the remainder of the year.

Product Type	Description
Preferred provider organization (PPO)	Members can access any participating provider for covered services without a referral. When members seek health care, they have the freedom to choose either network providers at lower out-of-pocket costs, or non-network providers at higher out-of-pocket costs.
