| Specialty- First prescription fill at any retail or specialty pharmacy. Subsequent fills must be through our preferred specialty pharmacy. | | |

First prescription fill at any retail or specialty pharmacy. Subsequent fills must be through our preferred specialty pharmacy network.

Choose Generics with Dispense as Written (DAW) override - Included. See Aetna Formulary for details. The cost difference between the generic and brand does not count toward the Deductible or Out-of-Pocket Maximum.

Precertification - Included. See Aetna Formulary for details.

Step Therapy - Included. See Aetna Formulary for details.

Mandatory Maintenance Choice - Members can choose the most convenient place to fill 90-day supplies of their maintenance drugs – from CVS Caremark® Mail Service Pharmacy or CVS pharmacy retail locations. A 90-day supply of maintenance drugs is required to be filled at CVS Caremark® Mail Service Pharmacy or CVS pharmacy retail locations after two retail fills. Otherwise, the member will be responsible for 100 percent of the cost-share

Pharmacy Plan includes:

Contraceptive drugs and devices obtainable from a pharmacy, Oral fertility drugs, Diabetic supplies.

Formulary generic FDA-approved Womens Contraceptives covered 100% in network.

Preventive and seasonal vaccinations covered 100% in-network.

Not all drugs are covered. It is important to look at the Drug List (Small Group Value Plus Formulary) to understand which drugs are covered.

*How out-of-network care is reimbursed:

We cover the cost of services based on whether doctors are "in network" or "out of network." We want to help members understand how much Aetna pays for their out-of-network care. At the same time, we want to make it clear how much more members will need to pay for this "out-of-network" care.

Members may choose a provider (doctor or hospital) in our network. Members may choose to visit an out-of-network provider. If a member chooses a doctor who is out of network, their Aetna health plan may pay some of that doctor's bill. Most of the time, members will pay a lot more money out of their own pocket if they choose to use an out-of-network doctor or hospital.

When members choose out-of-network care, Aetna limits the amount it will pay. This limit is called the "recognized" or "allowed" amount.

The members' doctor sets his or her own rate to charge members. These rates may be higher -- sometimes much higher -- than what the members' Aetna plan "recognizes." Members' doctors may bill them for the dollar amount that their plan doesn't "recognize." Members must also pay any copayments, coinsurance and deductibles under their plan. No dollar amount above the "recognized charge" counts toward their deductible or out-of-pocket maximums. To learn more about how we pay out-of-network benefits visit Aetna.com. Type "how Aetna pays" in the search box.

Members can avoid these extra costs by getting their care from Aetna's network of health care providers. Go to **www.aetna.com** and click on "Find a Doctor" on the left side of the page. Members can sign on to the Aetna member site.

This applies when members choose to get care out of network. When members have no choice (for example: emergency room visit after a car accident, or for other emergency services), we will pay the bill as if the member got care in network. Members pay cost sharing and deductibles for their in-network level of benefits. Members should contact Aetna if their health care provider asks them to pay more. Members are not responsible for any outstanding balance billed by their providers for emergency services beyond their cost sharing and deductibles.

What's Not Covered

This plan does not cover all health care expenses and includes exclusions and limitations. Members should refer to their plan documents to determine which health care services are covered and to what extent. The following is a partial list of services and supplies that are generally not covered. However, your plan documents may contain exceptions to this list based on state mandates or the plan design or rider(s) purchased by your employer.

All medical or hospital services not specifically covered in, or which are limited or excluded in the plan documents; Charges related to any eye surgery mainly to correct refractive errors; Cosmetic surgery, including breast reduction; Custodial care; Dental care and X-rays; Donor egg retrieval; Experimental and investigational procedures; Hearing aids; Immunizations for travel or work; Infertility services, including, but not limited to, artificial insemination and advanced reproductive technologies such as IVF, ZIFT, GIFT, ICSI and other related services, unless specifically listed as covered in your plan documents;

GIFT, ICSI and other related services, unless specifically listed as covered in your plan documents;
Nonmedically necessary services or supplies; Orthotics; Over-the-counter medications and supplies; Reversal of sterilization;
Services for the treatment of sexual dysfunction or inadequacies, including therapy, supplies, or counseling; and special duty nursing. Weight control services including surgical procedures, medical treatments, weight control/loss programs, dietary regimens and supplements, appetite suppressants and other medications; food or food supplements, exercise programs, exercise or other equipment; and other services and supplies that are primarily intended to control weight or treat obesity, including Morbid Obesity, or for the purpose of weight reduction, regardless of the existence of comorbid conditions.

This material is for informational purposes only and is neither an offer of coverage nor medical advice. It contains only a partial, general description of plan benefits or programs and does not constitute a contract. Aetna does not provide health care services and, therefore, cannot guarantee results or outcomes. Consult the plan documents to determine governing contractual provisions, including procedures, exclusions and limitations relating to the plan.

Aetna and MinuteClinic, LLC (which either operates or provides certain management support services to MinuteClinic-branded walk-in clinics) are both within the CVS Health family. Aetna is not responsible or liable in any manner for services received at CVS MinuteClinic locations. CVS Caremark® Mail Service Pharmacy and Aetna are part of the CVS Health family of companies. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change without notice.

Some benefits are subject to limitations or visit maximums. Certain services require precertification, or prior approval of coverage. Failure to precertify for these services may lead to substantially reduced benefits or denial of coverage. Some of the benefits requiring precertification may include, but are not limited to, inpatient hospital, inpatient mental health, inpatient skilled nursing, outpatient surgery, substance abuse (detoxification, inpatient and outpatient rehabilitation). When the Member's preferred provider is coordinating care, the preferred provider will obtain the precertification. When the member utilizes a non-preferred provider, Member must obtain the precertification. Precertification requirements may vary. Depending on the plan selected, new prescription drugs not yet reviewed by our medication review committee are available under plans with an open formulary.

They may also be subject to precertification or step-therapy. Non-prescription drugs and drugs in the Limitations and Exclusions section of the plan documents (received after open enrollment) are not covered, and medical exceptions are not available for them. While this information is believed to be accurate as of the print date, it is subject to change.

Plans are administered by Aetna Life Insurance Company.
